Dear Campus Community:

The University of Toledo has received word that federal authorities have indicted six former athletes on charges relating to an alleged “point shaving” scheme, between December 2004 and December 2006.

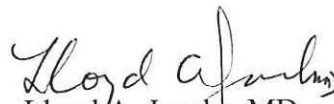

Let me say from the beginning that we take this matter seriously, however we also consider it past history. We will continue to cooperate fully with all law enforcement agencies. Working together, it is my hope that this matter can be resolved quickly and justly for all parties involved. We believe that this action brings closure to the investigatory portion of this process.

As I have stressed in the past, it is my desire to have a culture of compliance throughout the University. The University of Toledo and the Department of Athletics can be proud of the proactive measures we have taken together to enhance compliance and ensure that this University is dedicated to producing student-athletes of the highest integrity. As you may recall, we conducted a thorough assessment of our athletic department more than two years ago and can say without question that the department’s ethos is strong.

Be assured that these allegations do not fit within the University’s values system and we have turned the page on this matter.

We are looking forward to a bright future for UT Athletics.

Sincerely,

  
Lloyd A. Jacobs, MD  
President
